

MICHIGAN DEPARTMENT OF CORRECTIONS

"Expecting Excellence Every Day"

MEMORANDUM

DATE: October 28, 2002

TO: Wardens
Administrative Officers
Arsenal Sergeants
Bill Hudson

FROM: Bill Hudson, Training Administrator
Office of Training & Recruitment

SUBJECT: ORDNANCE MANUAL UPDATE
RE: October 2002

Enclosed is the 2002 edition of the Ordnance Manual that has been approved by the Director. The previous edition dated February 2001, should be destroyed and replaced with the enclosed October 2002 edition.

Please review the new manual carefully as there are changes incorporated throughout. Significant changes can be found in the firearm, ammunition, and holster sections. In the Security Equipment Section, a new, hand-held metal detector was added, as well as the addition of new, customized disturbance control utility vests through MSI. Additionally, Appendix VIII Range Specifications is new to the manual. Details regarding all changes or additions are listed within the Ordnance Manual.

Should there be any questions, please contact me at the DeMarse Academy, or contact the Ordnance Unit Manager, Dan Verlin at 517/780-6040.
